— HOW SOLAR ENERGY WORKS?

— WHY CHOOSE US?

Expertise: Our team of experienced professionals ensures top-notch design, installation, and support.

Quality and Reliability: We use high-quality solar panels and components to ensure long-term performance.

Customized Solutions: Tailored solar systems designed to meet your specific needs and goals.

Cost Savings: Enjoy significant reductions in electricity bills and attractive return on investment.

Environmental Impact: By choosing solar, you contribute to a greener, more sustainable future.

— Meet Our Founders

Aakash Patel Founder

Embrace the power of the sun, for it holds the key to a brighter & sustainable future. As CEO, I am committed to driving the solar revolution, transforming our energy landscape, and leaving a legacy of environmental stewardship. Together, let us harness the limitless potential of solar energy and create a world powered by clean & renewable resources.

Rohan Patel Co-Founder

Rohan Patel is the driving force behind our company's commitment to a sustainable & greener future. With a profound passion for solar energy and a relentless pursuit of excellence, Rohan Patel has been very good in shaping our company's vision and mission.

— Contractor

At Zavich Infrastructure and Power Pvt. Ltd, we pride ourselves on offering top-of-the-line contractor services that cater to all your construction and renovation needs. With years of experience and a team of skilled professionals, we are your go-to partner for transforming ideas into reality.

With years of experience in the industry, our team of experts brings a wealth of knowledge and skills to every project. From complex commercial ventures to intricate residential designs, we have the know-how to handle it all.
